December 17, 2017 - Custom Production Settings> next> mp3 audio only> next> next> done) and now a window pops up - Rendering Project, Rendering mp3 file 0.0%.

But . tga file I created does not appear in the project folder. How can I solve this problem? Thank you in advance! Answer Thanks! I actually found that if I do "audio only" as Chris suggested, everything

works fine. Now I can export and  
export everything. But why  
shouldn't you do "audio only"?  
Maybe this means that we can make  
mp3 files that don't make sense?  
Thanks for making a few changes to  
your post.
